

Connor Peshek

Web Developer

Cincinnati, Ohio - 586-925-1341

connor@connorpeshek.me - github.com/ConzorKingKong

Self-taught client-side web developer with a passion for JavaScript.

Objective

To grow as a programmer with people who enjoy the craft and are excited to find creative solutions to interesting problems.

Work

Kroger Technology - Web Developer *April 2017 - Present*

Kroger Technology is Kroger's technical division.

My job was to build custom **React/Redux** Components for kroger's web app and improve Microsites for child companies of Kroger.

I launched department pages that allowed people to shop online for their groceries and improved the functionality of other pages.

Cloudflare Apps (Formerly Eager.io) - Web Developer Intern *March 2016 - June 2016*

Cloudflare Apps is a platform that lets developers create a single **HTML/CSS/JS** library and publish to **WordPress**, **Drupal**, and **Joomla**.

My job was to build libraries, test them across browsers, incorporate feedback and deliver high-quality tools.

Many apps I built now run on thousands of websites and were built using **Babel** and **Node.js**.

Projects

Hacker News Clone: A front-end made for Hacker News' read-only API. Built with **React**, **Redux** and **React Router**, it supports routing, searching for posts, and viewing posts and users.
